Booking agreement

This agreement is between Pine Street Sound ("we", "us") and Chloe Adams and Ryan Patel ("you") for your wedding on Saturday, June 12, 2027.

The booking

- Date: Saturday, June 12, 2027
- Times: 1:00 PM to midnight
- Venue: Riverside Barn, 30076
- What's included: everything listed in the quote with this agreement.
- Price: $1,565

Paying

- A retainer of $391.25 secures your date. Until it's paid we may offer the date to someone else.
- The rest is due by Saturday, May 15, 2027, as set out in the payment schedule with this agreement. You can pay early, or pay more at a time, whenever you like.
- If a payment is more than 14 days late we'll remind you. If the balance still isn't paid by the day of the event, we may treat the booking as canceled by you.

If you cancel

Please tell us in writing (an email is fine). Because we turn other work away for your date, we keep part of the price depending on how much notice you give:

- More than 6 months before the event: the retainer only.
- 3 to 6 months before: 25% of the total price, or the retainer if that's more.
- 1 to 3 months before: 50% of the total price.
- Less than a month before: the full price, less any costs we save by not performing (for example travel, or equipment or staff we'd have hired).

If we're able to rebook the date, we'll refund what we can, less any costs we've had.

If we cancel

If we can't perform because of illness or an emergency, we'll try to find a replacement of the same standard and agree it with you first. If we can't, or you'd rather not, we'll refund everything you've paid. We aren't responsible for other costs.

At the event

- The venue needs to give us safe access to unload, a suitable space to set up, and standard grounded power outlets near where we set up.
- If the venue has a sound limit or a curfew, the venue's rules apply and we'll work within them.
- If you'd like us to play on past the agreed finish, we will if we can, at $90 an hour.
- We carry liability insurance. We'll send a certificate of insurance to you or your venue on request.

Music licensing

The venue is responsible for the licenses needed to play music in public there (from ASCAP, BMI, SESAC and GMR). A private event that isn't open to the public normally doesn't need one.

Damage and safety

We may stop playing if the safety of people or of our equipment is at risk. You're responsible for damage to our equipment caused by your guests, apart from normal wear and tear.

Things outside anyone's control

Neither of us is responsible for failing to do what this agreement says because of events outside reasonable control, for example severe weather, natural disasters, the venue closing, or government or public health orders. If that happens we'll offer another date first. If that isn't possible, we'll refund what you've paid, less costs we've already had and can show you.

Our liability

Except where the law doesn't allow a limit, the most we're responsible for under this agreement is the amount you've paid us.

Your information

We use your details only to plan and deliver your event, and to keep the records the law requires.

The law that applies

This agreement is governed by the laws of the State of Georgia.
